

# KIRST KONVERTER™

U.S. Patent No. 6,047,490 • Patents Pending

Shoot cartridges in your Cap and Ball revolver

Kirst Konverter LLC manufactures the safest, quickest, most scientifically advanced Cartridge Converter for your cap & ball revolver. The Kirst Konverter™ is not a firearm. It is an accessory that you install. If you can own a firearm, you can install this device in your cap & ball revolver.

## **For your SAFETY read the following before using!**

Kirst's Cartridge Konverter is not a firearm according to provisions of 18 United States Code Chapter 44, Title 27, Code of Federal Regulations, Part 178. Installing a Kirst Cartridge Konverter® into a percussion revolver creates a firearm subject to those provisions, however under Federal law; an individual who is not prohibited from possessing firearms can lawfully install the Cartridge Konverter™ in a percussion revolver for the personal use of that individual.

Check your revolver thoroughly for mechanical condition and bore obstructions before installing a Kirst Konverter™. If you are uncertain have it checked by a gunsmith. Make certain that the caliber of the barrel is correct for the cartridge. **USE ONLY Black Powder or equivalent loads; use of loads other than these will void all warranties, expressed or implied.**

Discharging firearms in poorly ventilated areas, cleaning firearms or handling ammunition may result in exposure to lead and other substances known to cause birth defects, reproductive harm and other serious physical injury. Have adequate ventilation at all times. Wash hands thoroughly after exposure.

## **WARRANTY**

We will replace any manufacturing defect. We reserve the right to replace defective product with new. No returns will be accepted without a Return Authorization on the package and all sales are considered final after 15 days unless otherwise agreed through warranty arrangement determined on a case by case basis. For warranty return instructions contact your dealer.

## **STATEMENT OF LIABILITY**

The Kirst's Patent cartridge conversion device is classified as a FIREARM ACCESSORY and is sold with the express understanding that we assume no liability for its re-sale, unsafe handling or improper use under local laws and regulations. Kirst Konverter LLC and its distributors assumes no responsibility for physical injury or property damage resulting from either intentional or accidental discharge, or for the function of any device subjected to influences beyond their control, and will honor no claims which may result from careless handling, unauthorized adjustment, alteration, modification, defective or improper ammunition and loading components, corrosion or neglect. Permanent alteration to the frame of a percussion revolver, to accommodate cartridge use, will re-classify that revolver to firearm and as such must be transacted as a firearm thereafter. The purchase, receipt and use of this product imply understanding of, agreement with and acceptance of this Statement of Liability.
